Dear Mr. Voss:

On 14 May 2019, the office of the Information and Privacy Coordinator received your 14 May 2019 Freedom of Information Act (FOIA) request for **any files including but not limited to files, correspondence, reports, surveillance or any other records on the following subjects: Jean Harvey Vanderbilt and Alfred Vanderbilt, Jr.** We assigned your request the reference number above. Please use this number when corresponding so that we can identify it easily. Upon receipt of your 13 August 2019 request for status, we discovered that you were not provided with the following information after receipt of your original request:

We appreciate that you provided some of the identifying information required for us to effectively search our files, however we still need additional data before we can begin processing your request. Without this data, we may be unable to distinguish between individuals with the same or similar names. Specifically, we **require** the individuals':

☐ **Full name**

☒ **Dates and places of birth**

☒ **Date and places of death**

☒ **Evidence of death** (For deceased individuals, we require some *evidence of death*, such as a death certificate, an obituary, or a press statement to ensure there are no privacy considerations. A website link in itself does not satisfy the proof of death requirement. Please provide the actual documentation and source. Proof of death is not required if date of birth is 100 years ago or greater.)

Agency regulations encourage requesters seeking information on *living* third parties to provide a signed affidavit or declaration from the third parties waiving all or some of their privacy rights. For your convenience, we enclosed the:

✓ Living party signed affidavit: *Freedom of Information Act-Certification of Identity Form and copy of Code of Federal Regulations Vol. 32§ 1900.32(b) information.*

We can search without this authorization, but if we locate responsive records, privacy concerns may require us to protect the information from release. FOIA exemption (b)(6) requires us to protect information "the disclosure of which would constitute a clearly unwarranted invasion of personal privacy." In reaching this determination, we use the test our regulations outline at 32 CFR § 1900.32(b): "the Agency will balance the privacy interests that would be compromised by disclosure against the public interest in release of the requested information." Therefore, the waiver will assist us with this determination.

We will hold your request for 45 business days from the date of this letter pending your response. If we do not receive a response from you within this timeframe, we will assume that you are no longer interested and will close your request as we are unable to process it without the identified required information. This does not preclude you from resubmitting in the future if you are able to provide the information.

Please send the information to:

(a) *In general.* Personal information concerning individuals other than the requester shall not be disclosed under the Freedom of Information Act if the proposed release would constitute a clearly unwarranted invasion of personal privacy. See 5 U.S.C. 552(b)(6).

For purposes of this section, the following definitions apply:

(1) *Personal information* means any information about an individual that is not a matter of public record, or easily discernible to the public, or protected from disclosure because of the implications that arise from Government possession of such information.

(2) *Public interest* means the public interest in understanding the operations and activities of the United States Government and not simply any matter which might be of general interest to the requester or members of the public.

(b) *Determination to be made.* In making the required determination under

(b)(6) of the FOIA, the Agency will balance the privacy interests that would be compromised by disclosure against the public interest in release of the requested information.

(c) *Otherwise.* A requester seeking information on a third person is encouraged to provide a signed affidavit or declaration from the third person waiving all or some of their privacy rights. However, all such waivers shall be narrowly construed and the Coordinator, in the exercise of his discretion and administrative authority, may seek clarification from the third party prior to any or all releases.
